IEEE TBS SB GUIDE BOOK

Welcome To The IEEE Community

WHAT IS IEEE ?

IEEE Advancing Technology for Humanity

IEEE is the world's largest technical professional organization dedicated to **advancing technology for the benefit of humanity** .

IEEE brings together students, researchers, engineers, professionals, educators, and innovators who share a common interest in technology and its role in shaping the future .

+533K
IEEE members worldwide

+190
Countries

+3700
Student Branches wordwide

WHAT DOES IEEE ACTUALLY DO ?

LEARN

Learn through workshops, webinars, training programs, tutorials, and educational resources designed to support continuous learning.

CREATE

Take part in projects, research, competitions, innovation initiatives, and entrepreneurship to turn knowledge into real-world solutions.

SHARE

Explore and contribute to research papers, publications, conferences, congresses, technical communities, and knowledge-sharing activities.

And these are only a few ways to explore IEEE

Perfect for you if you love technology, coding, AI, software, or solving complex problems.

COMPUTER SOCIETY

is a global IEEE community dedicated to advancing computing and digital technologies. It brings together students, researchers, educators, and professionals to learn, share knowledge, collaborate, and shape the future of computing.

Perfect for you if you're interested in innovation, entrepreneurship, leadership or exploring where technology meets business.

TECHNOLOGY & ENGINEERING MANAGEMENT SOCIETY

an IEEE community that connects technology, business, and leadership, helping people understand, manage, and lead innovation from ideas to real-world impact.

Perfect for you if you're interested in social impact, innovation, entrepreneurship, or using your skills to solve real-world problems.

Special Interest Group on Humanitarian Technology

is an IEEE community that brings people together to use technology and innovation to address humanitarian challenges, improve communities, and contribute to the Sustainable Development Goals (SDGs).

Women in Engineering

is an IEEE affinity group that brings members together to connect, develop their skills, and grow as leaders, with a primary focus on supporting and empowering women in STEM and related fields through leadership, networking, professional development, and community.

Perfect for you if you're interestedin leadership, networking, professional development, empowerment, or exploring the role of women in technology and innovation.

DISCOVER IEEE IN TUNISIA

A FEW EXPERIENCES YOU SHOULDN'T MISS.

TSYP

Tunisian Students & Young Professionals Congress

The largest IEEE gathering in Tunisia, bringing together students, young professionals, speakers, and IEEE members from Tunisia and around the world for learning, networking, leadership, challenges, and cultural exchange.

VISIT WEBSITE →

SDC

SIGHT Day Congress

A humanitarian technology event bringing IEEE members together to explore innovative solutions to community challenges and sustainable development.

VISIT WEBSITE →

WIE ACT

Women in Engineering ACT

An IEEE WIE experience focused on empowering women in STEM through leadership, networking, professional development, and inspiring connections.

VISIT WEBSITE →

CSTAM

Computer Society Tunisian Annual Meeting

A technical gathering focused on computing and digital technologies, offering opportunities to learn, exchange knowledge, and connect with the IEEE Computer Society community.

VISIT WEBSITE →

IASTAM

Industrial Applications Society Tunisian Annual Meeting

A technical gathering bringing together industry professionals, academics, researchers, and students to exchange knowledge, showcase innovations, and foster collaboration in the field of industrial applications of electrical and electronic engineering.

WHO ARE WE ?

IEEE TBS SB is the **first IEEE Student Branch established in a business school in Tunisia**. At the intersection of business, technology and innovation, we create opportunities for students to learn, collaborate, lead and turn ideas into impact.

TBS IEEE Student Branch

BUSINESS X TECHNOLOGY X INNOVATION

OUR JOURNEY

FOUNDING EXECUTIVE COMMITTEE

THE TEAM THAT BROUGHT IEEE TBS SB TO LIFE

CURRENT EXECUTIVE BOARD

THE TEAM CARRYING THE VISION

HOW WE WORK ?

PROJECT -BASED
NOT DEPRTEMENT BASED

At IEEE TBS SB, we work around **projects** rather than permanent departments.
Members come together based on the needs and objectives of each project, allowing everyone to contribute according to their skills, interests and availability.

MARKETING DEPARTMENT

Our permanent department responsible for the Branch's visual identity, communication, promotion and marketing activities.

- Branding
- Promotion
- Content
- Social Media

HOW YOUR CONTRIBUTION IS EVALUATED ?

WE LOOK AT MORE THAN ATTENDING

ATTENDANCE AND PUNCTUALITY

Shows up to meetings and events on time and as agreed

PARTICIPATION AND ENGAGEMENT

Actively contributes with ideas and involvement, not just presence .

AMBASSADOR CONTRIBUTION

Represents IEEE TBS SB , promotes external events or congresses and strengthens our visibility

YOUR GROWTH

OUR PRIORITY

TASK COMPLETION

Finishes assigned tasks on time and as expected.

PROFESSIONAL BEHAVIOR

Respectful, punctual, and represents the branch well.

INITIATIVE

Proposes ideas or takes action without being asked .

COMMUNITY ENGAGEMENT

Participates in IEEE activities beyond the Branch and contributes to the wider IEEE community.

GOOD CONTRIBUTION GETS NOTICED

OUTSTANDING CONTRIBUTION GETS RECOGNIZED

Member of the month

Marketing Member of the month

Rising Star

BECOME AN AMBASSADOR

WHAT IS AN AMBASSADOR ?

An IEEE TBS SB Ambassador is a member who represents the spirit of an IEEE event or congress, actively represents the Branch, promotes IEEE activities and opportunities, encourages others to participate, and helps strengthen the visibility of IEEE TBS SB.

PROMOTE

- Annonce your selection on social media
- Share and repost event posts
- Promote on campus (posters & booths)

ENGAGE

- Host an online info session
- Talk to students and encourge participation
- Answer questions and explain the opportunity

AMBASSADOR

PROMOTE . CONNECT . INSPIRE

BUILD YOUR COMMUNITY

- Create a group chat for participants
- Keep them updated on deadlines , annoncements and changes

SUPPORT & COORDINATE

- coordinatre fees and payement
- Organize transortation (when applicable)
- For congresses : Follow up and coordinate with challengers

GO THE EXTRA MILE
YOUR EFFORTS MAKE A DIFFERENCE

BEST AMBASSADOR AWARD

Exceptional ambassadors can be recognized for their impact , commitment , creativity , and ablity to bring people into the opportunity

HOW DO YOU BECOME AN AMBASSADOR

IT'S A SIMPLE PROCESS !

01 **FIND THE CALL**
Look for an Ambassador call on the event/congress page or through IEEE TBS SB groups .

02 **APPLY**
Fill out the provided Ambassador form.

03 **FILL THE FORM**
Record your name, event/congress, and required details in the internal Ambassador tracking sheet.

04 **REPRESENT & PROMOTE**
Complete the assigned tasks for the event.

05 **DOCUMENT**
Provide proof of completed tasks in the shared Drive.

IEEE AWARDS

Fly Beyond Boundaries

MGA / REGION 8

BRANCH AWARDS

Celebrating excellence at the student branch level

IEEE REGIONAL EXEMPLARY STUDENT BRANCH AWARD

It recognizes Student Branches that demonstrate operations aligned with IEEE's mission and bylaws, while delivering significant benefits to their student members.

THE DARREL CHONG STUDENT ACTIVITY AWARD

It recognizes meaningful, innovative, and impactful student activity that creates value for members and the community

LEVELS

Bronze Silver Gold Platinum

INDIVIDUAL

Recognizing outstanding IEEE sttudent members

LARRY K. WILSON REGIONAL STUDENT ACTIVITIES AWARD

It recognizes one IEEE Student member in each Region for an extraordinary accomplishment and significant impact on Student Activities, particularly through IEEE involvement, leadership, unique initiatives, and contributions at the Branch, Section, or Regional level .

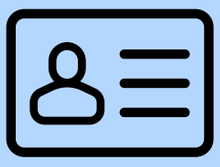

One Winner Per Region

Customized Plaque

Digital Certificate

3 years of complimentary IEEE membership.

IEEE AWARDS

Fly Beyond Boundaries

TUNISIA SECTION

BRANCH AWARDS

Celebrating excellence , collaboration & strong presence

TUNISIA SECTION OUTSTANDING STUDENT BRANCH AWARD

recognizes Student Branches that demonstrate strong overall performance in IEEE activities, member development, collaboration, leadership, and community impact

$150 Grant | Trophy | Certificate

THE TUNISIA SECTION BEST OU WEBSITE AWARD

recognizes Organizational Units with an outstanding, professional, user-friendly, and up-to-date website, rewarding strong content, presentation, accessibility, and performance

$150 Event support (only the webmaster) | Trophy | Certificate

INDIVIDUAL

Celebrating your leadership , dedication & growth

THE TUNISIA SECTION RISING STAR AWARD

recognizes newly joined IEEE members with less than 2 years of membership who have demonstrated valuable achievements early in their IEEE journey through technical activities, volunteering, leadership, innovation, and participation in IEEE programs

$150 Event support

THE TUNISIA SECTION INNOVATION AWARD

recognizes an IEEE member or team for an innovative technical, non-technical, event, or program initiative that creates significant impact for IEEE and its members in Tunisia.

$150 Event support | Trophy | Certificate

THE TUNISIA SECTION ACHIEVEMENT AWARD

recognizes IEEE members who have made significant, impactful contributions to the Tunisia Section through technical work, volunteering, leadership, administration, innovation, or community impact

$150 Event support | Trophy | Certificate

THE TUNISIA SECTION IEEE PUBLICATION AWARD

recognizes the outstanding IEEE paper published by a Tunisia Section member in an IEEE journal, transaction, or conference indexed in IEEE Xplore.

$150 Event support (only the first author) | Trophy (all authors) | Certificate (all authors)

IEEE TRAVEL GRANTS

YOUR IEEE JOURNEY CAN TAKE YOU FURTHER

WHAT IS A TRAVEL GRANT ?

A travel grant is financial support that helps IEEE members attend conferences, congresses, training programs, and other IEEE events. Depending on the grant, it may cover registration, flights, accommodation, meals, or local transportation.

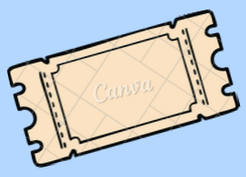

WHAT CAN IT COVER ?

Accommodation

Transportation

Event registration

Meals

Fully funded or partially funded - it depends on the grant and its conditions

WHERE CAN TRAVEL SUPPORT COME FROM ?

REGIONAL

IEEE Region activities, congresses, and leadership programs

TECHNICAL SOCIETIES

IEEE Societies to support their members attending society-related events.

CONFERENCES

Event-Specific support linked to presenting papers, participating in competitions, or attending technical conferences.

HOW DOES THE FUNDING WORK ?

REIMBURSEMENT : PAY → SUBMMIT DOCUMENTS → GET REIMBOURSED

DIRECT PAYMENT : APPROVED → IEEE UNIT PAYS ELIGIBLE EXPENSES

Where could IEEE take you ?
Explore available travel grants

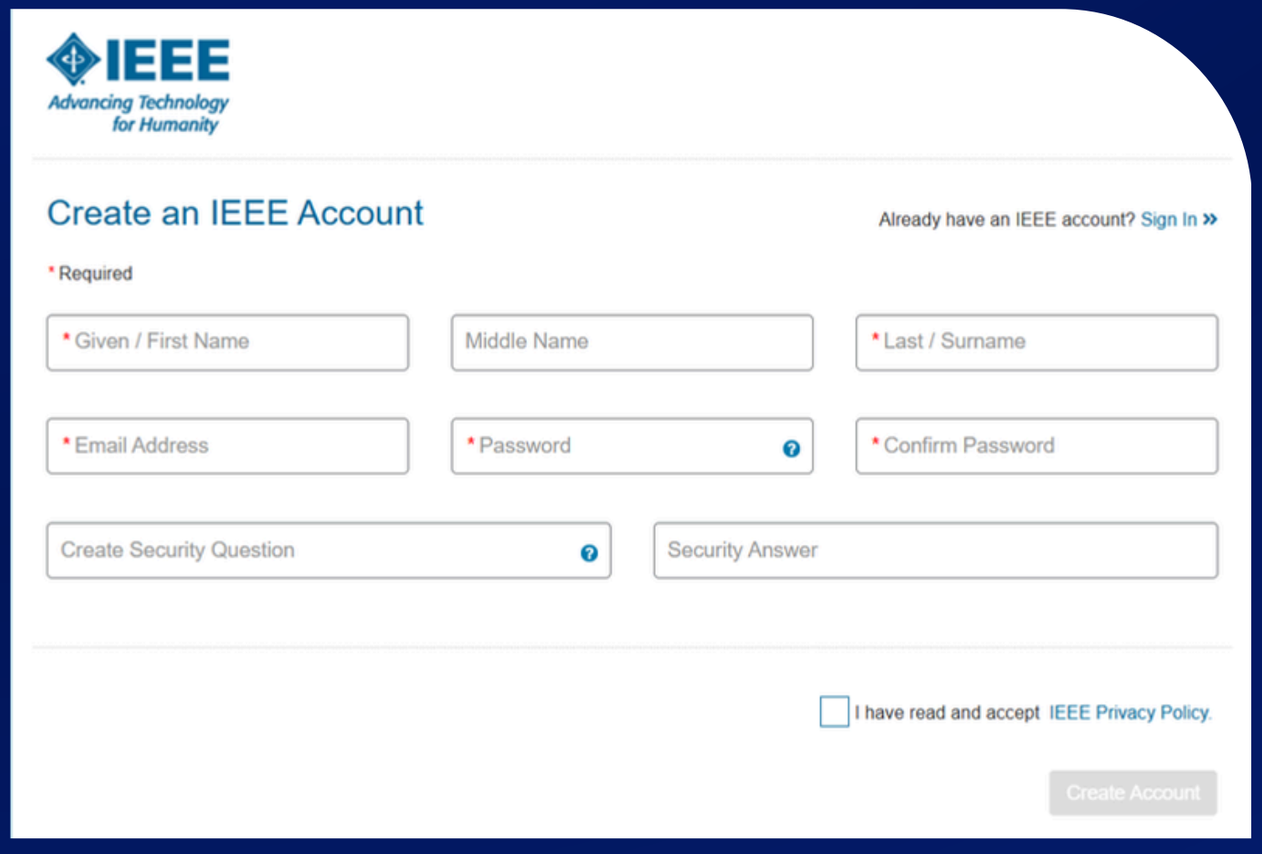

Funding oppotunities

IEEE MEMBERSHIP

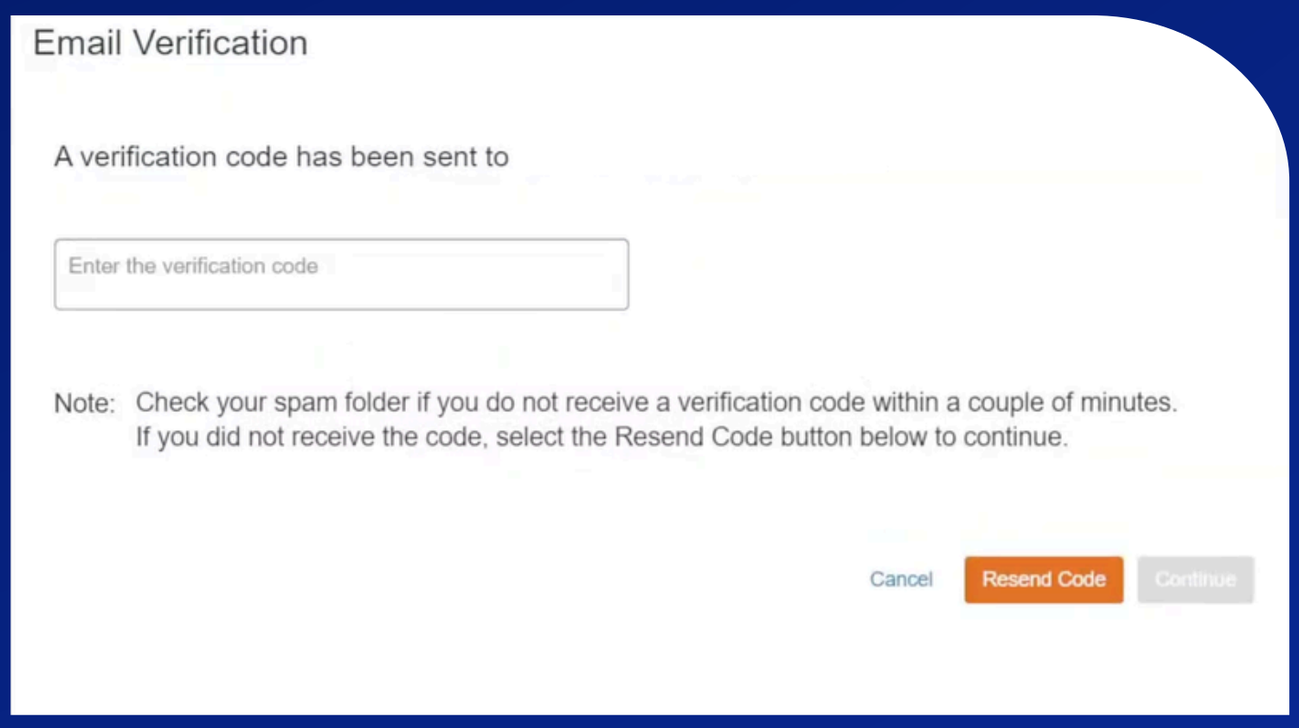

What is an IEEE ID ?

- Unique personal identifier : a unique account that identifies you as a member of IEEE .
- Access to IEEE services : Your IEEE ID is the key to accessing IEEE resources, services, and registering for events .
- Connect and engage : It allows you to participate in IEEE communities, technical groups, and stay updated with IEEE activities .

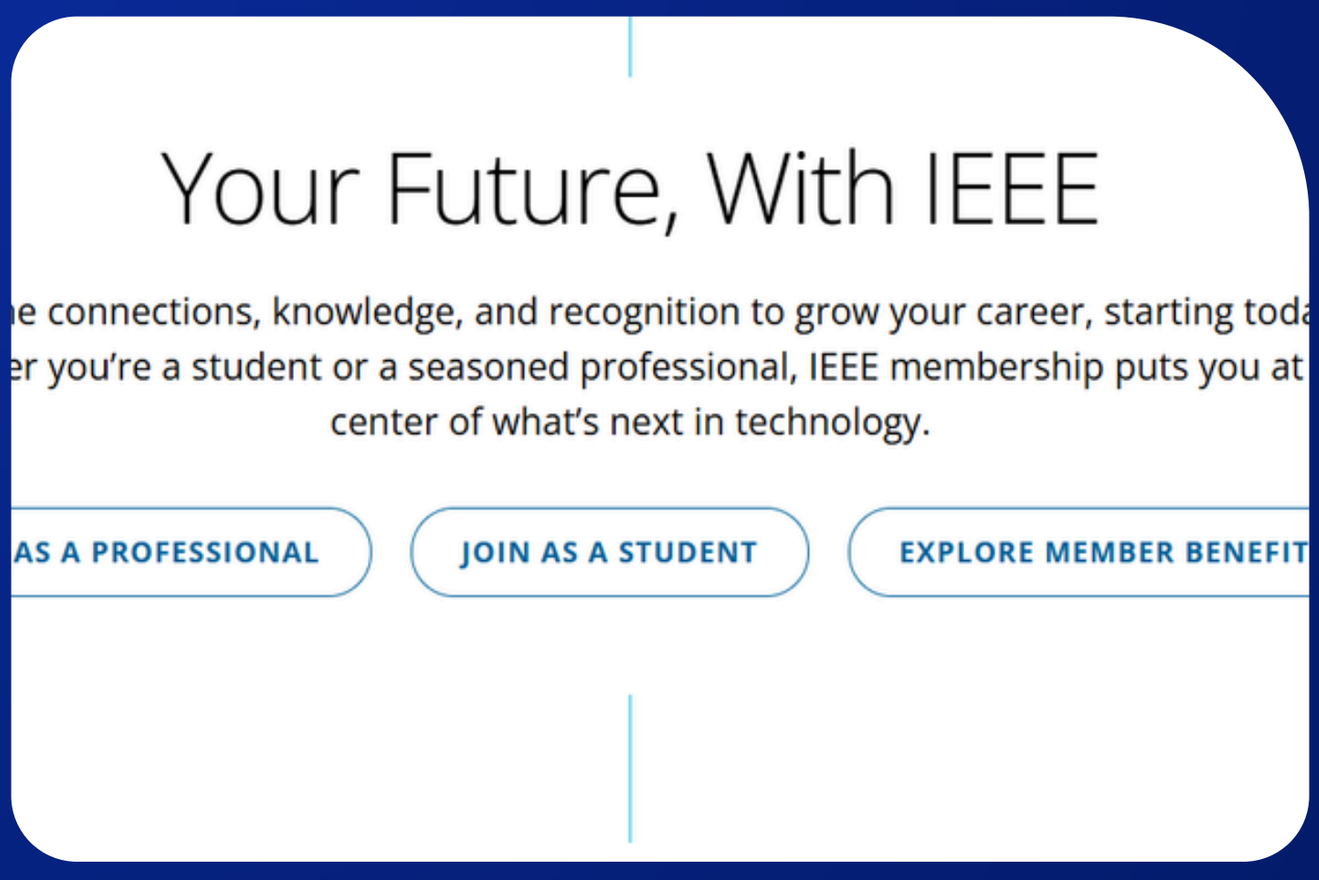

ACCOUNT CREATION

1 _ Create an IEEE account

2 _ Verification Code

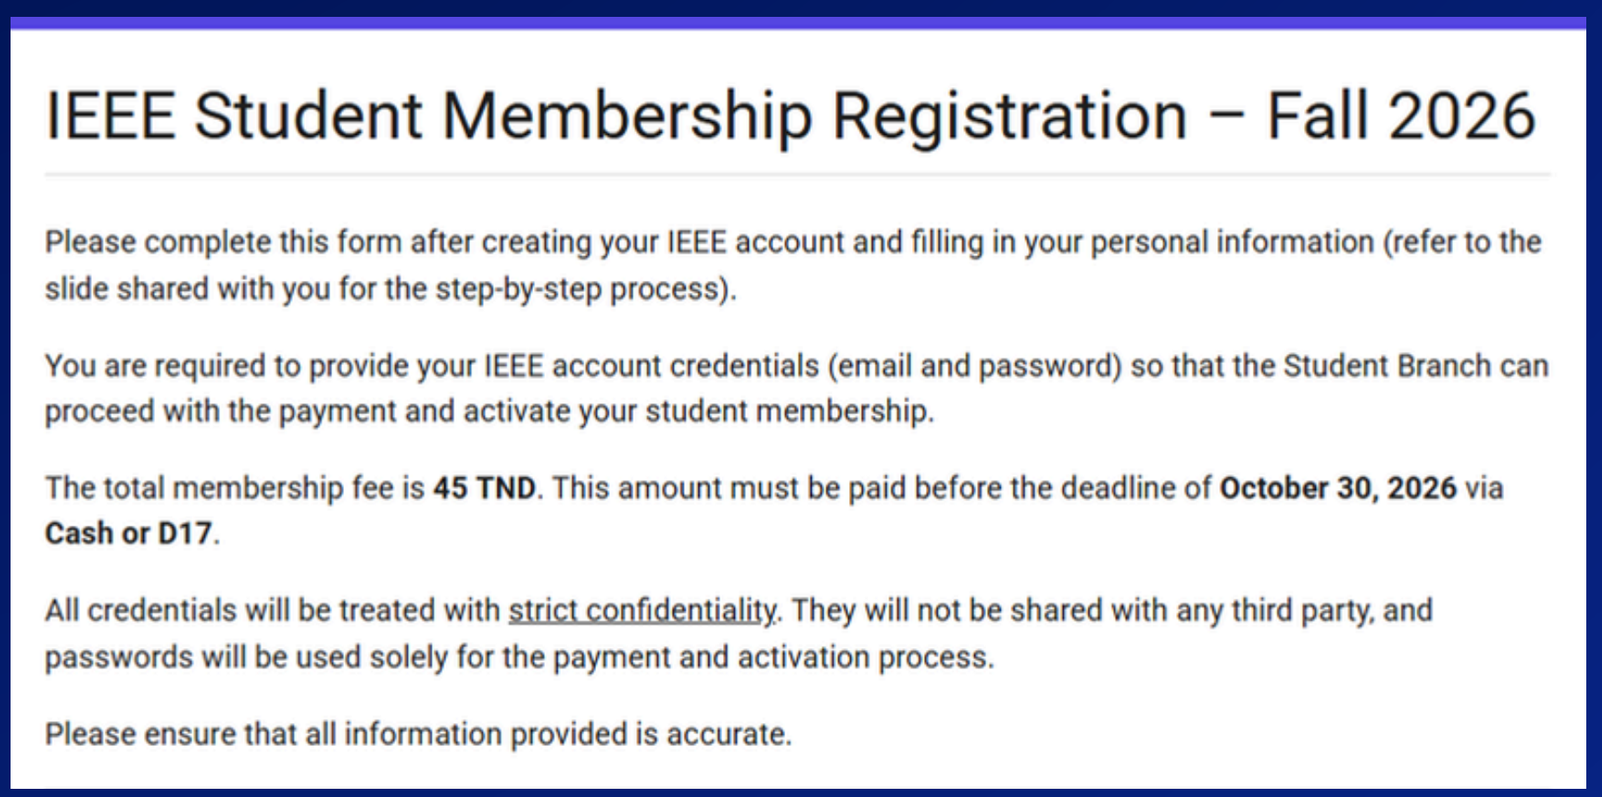

3 _ Join IEEE as a student

4 _ Fill in your contact and educational information

FORM SUBMISSION

5_Fill The Form
